Good afternoon!

As per yesterday's conference call, attached are the FY'14 draft lists sent last year with most recent data updates from ICS. As Kevin discussed, any of the permits in the attached would be fine to consider for switching out with selected FY14 Priority Permits, as long as the State has already issued/terminated on or after October 1, 2013 and/or plan to reissue/terminate by September 30, 2014.

Thank you,
